Suggested Uses
Rainforest Berries

Rainforest Plum and Berry Jeowbong
Our Jeowbong is based on a traditional Lao/Thai roasted chilli paste with the addition of rainforest plums and rainforest berries. It has a complex flavor that imparts a sweet and fiery touch to ‘Asian style’ creations as well as being delectable with crackers, cheeses and cold meats.

Rainforest Plum and Berry Chutney
The rainforest plum and rainforest berries in this aromatic and spicy fruit chutney, makes it a unique but ‘traditional style’ chutney which is superb with corned meat and curries.

Rainforest Berries in Syrup
Rainforest Berries in Syrup are gorgeous bright red little bell shaped lilly pillies. They look and taste superb dropped in a glass of sparkling wine or wrapped in a delicate leaf of shaved turkey as a canapé. They are also lovely in or on desserts and sweet baking (ice cream, yogurt, cheesecakes puddings etc).
